FRESH AIR SENSITIVE ODOUR OUT is an aerosol deodorant for application with a COPYR automatic dispenser in indoor spaces.

Formula:

Aerosol

Description:

FRESH AIR SENSITIVE ALOE is a deodorant designed for indoor use, for professional use. Thanks to the high concentration of valuable essences and the special metered delivery valve, FRESH AIR SENSITIVE perfectly deodorises rooms up to 100 m³. The canister provides approx. 3,000 deliveries. Treat yourself to relaxing moments with the FRESH AIR SENSITIVE ALOE fragrance, deodorising your room gently and without allergens. The FRESH AIR SENSITIVE ODOR-OUT fragrance is allergen-free and is specifically intended for odour elimination.

Method of use:

The canister is mechanically operated by a Copyr automatic dispenser. Place the dispenser system at a height of not less than 2 metres, in a position where the jet is directed away from people. Do not apply in the vicinity of air conditioning systems. Ensure there is sufficient ventilation in the room.
